

## Job opportunity at Aelin Therapeutics

### **Research Associate Biophysics (Ghent, Belgium)**

Aelin Therapeutics is a biopharmaceutical company pioneering peptide-based novel drug modalities to create a powerful first-in-class antibiotics and agents against high-value undruggable human targets. The technology, branded Pept-ins™, harnesses the power of protein aggregation to induce specific functional knockdown of a target protein. The Pept-in™ technology allows for the rational design of novel peptide-based therapeutics and differentiates itself from other therapeutic modalities through its unique mode of action, its designability and broad target space.

Aelin Therapeutics is building a motivated and innovative team to realize the therapeutic potential of Pept-ins. The company has activities in Ghent and Leuven, Belgium. This job opportunity is for a vacancy at the facilities in Ghent.

For more information please visit [www.aelintx.com](http://www.aelintx.com).

#### **Profile**

The ideal candidate will have a Bachelor's degree in chemistry or life sciences and some previous laboratory experience, ideally gathered in the R&D life science sector. Experience in working as a technician in biotechnology and/or drug discovery in the biopharmaceutical industry is highly desirable. The candidate will work with R&D scientists to support the R&D strategy.

#### **Responsibilities**

- General support R&D activities with regards to biophysical characterization and formulation development of our peptide drugs (e.g. UV, Fluorescence, DLS, BMI, SEC, AF4-MALS).
- Record-keeping, present work summaries, document work for archival, write SOPs.
- Together with the R&D scientists evaluate new procedures and techniques.

#### **Key skills**

- General R&D capabilities, understanding of chemistry and chemical structures of benefit.
- Ability to adapt and adjust to changing priorities, and to take on new tasks.
- Motivated team player with the ability to efficiently manage their own work.
- Excellent organisational skills, eye for detail and natural desire to keep things in order.
- Excellent written and oral skills (including English).

#### **Our offer**

- A competitive salary and benefits package
- An entrepreneurial and stimulating working environment in an ambitious start-up biotech company
- Excellent career development opportunity, with exposure to all aspects of R&D in the company
